

# Privacy Policy

Please feel sure that we will not share your information with any other organisation.

**Ever.**

If you or your child is accepted and registered into one of our art programs, you will always be provided with a waiver form asking if you agree to us using your/your child's photograph in only our own promotional materials. While most students deem it complimentary and self esteem building to receive credit for their art work in media, it's your/your child's choice to share their experience in a program (example could be a course, workshop or summer camp) or their artwork, in print, social media or promotional/lesson videos for Art-On-Location website or in future courses.

**Always.**

Thank you for sharing, choosing, participating in one of our courses.

CreARTively,

**Dawn~Angela Seeley**
